

**Alphi Technology** is the leader in **total I/O solutions** based on **Industry Pack Modules and Carriers**. Providing Carriers for all major Form Factors and over 50 functions based on Industry Pack, Alphi offers the Flexibility, Modularity, Performances that you need and deserve. In just **two simple steps** you can create your **own solution.....**

**...Save Time, Space and Money!**

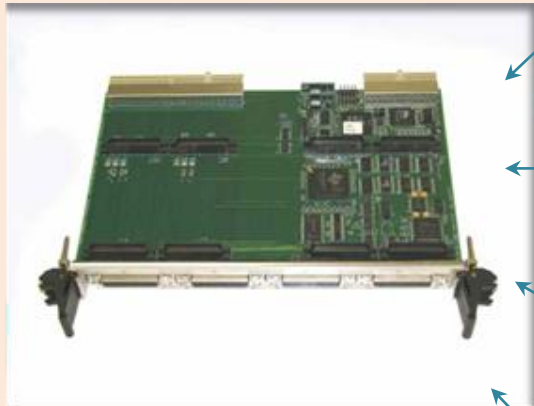

## Step 1

Choose your Carrier 3U-6U -(cPCI, PCI, VME, PCIe, COM-Express..others). Up to Five (5) IP Ports/Carrier.

### Example:

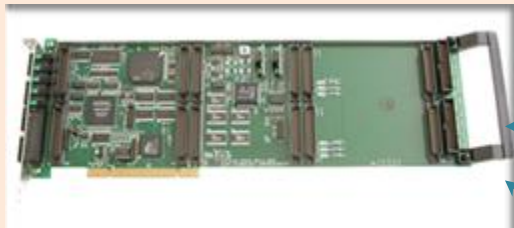

**cPCI-6713 4IP:** INTELLIGENT carrier-DSP Based-Offers up to 196 Channels \* on a single Board.

Fast, Reliable, easy to use and VERY flexible

### Example:

**PCI-4SIP:** Intelligent Quad Industry Pack Carrier. Same great advantages but on PCI Bus.

Please visit us at: [www.alphitech.com](http://www.alphitech.com) and/or call us at **480-838-2428** we will be very happy to discuss with you and help you find your solution whether COTS or Customized

## Step 2

Choose your Functions /Application: We have over 50 functions to choose from. Just pick the one you need....

All Industry Pack solutions come with Free Drivers

### A/D Solutions

Up to 48 Independent Channels

*\*click on picture*

### D/A Solutions

Ultra Precise-16Bit DAC Controllers

### Serial I/O Solutions

RS-232, RS-422, RS-485

### MIL-STD-1553 / ARINC 429

Single/Dual Redundant, SUMMIT and DDC Chips

### Digital In /Out Solutions

Up to 48 Channels, Opto-isolated

### LCD Solution

High Performances Graphics

And many, many more solutions..**FPGA**  
**Resistors, Thermistors, Relays,...**
